

Bespoke enquiry form

What would you like to have made?

What metal would you like your piece to be made from?

We work in silver, 9ct gold (including white & rose gold), 18ct gold (inc. white) & platinum

If your idea involves stones, which stones are you considering?

Please give us an idea of dimensions you have in mind (rough idea is fine)

If you would like a ring, do you know the finger size?

Do you have any other special requirements?

Please give us an idea of what you would like to spend on your bespoke piece.

This is purely so that we can gauge whether or not we can meet your needs within your budget before we start designing & experimenting.

Do you have any visual inspiration? If so, please attach or provide information.
This is not essential but can be very helpful in helping us to visualise what you would like.

Is there a specific date that you require your bespoke piece by?

A bespoke piece takes approx 2 months to produce or longer depending on how much consultation time is required and also depending on the time of year. Bespoke jobs are not possible in under approx 2 months unless it is something very simple or is a variation of one of our existing designs.

Please note that we can offer ideas and initial quotes only after we have been provided with as much information as possible and we are unable to give quotes before we have done calculations for materials, costs and time involved. We will get back to you with these details as soon as we can. Please also note that with some enquiries, time consuming experimenting and model making can be required before we are able to offer a final quote. In these cases there will be a consultation fee. This fee will be non-refundable but if this leads to a bespoke piece being made, the fee will be deducted from the final payment. Consultation fees are applied only if model making is required. After a quote has been given, a 50% deposit is required before making can begin. The remaining amount can be paid on collection or dispatch.

Your contact details

Name:

Phone number:

Email address:

(Email is often the best way to get in touch with information regarding a bespoke enquiry.)

Thank you for your enquiry. We will be in touch with you soon.
